

Optimum Solutions wants to **partner with professionals** who understand how **essential** it is to offer a portfolio of products that both meet the needs of your clients and help you grow your business. Our objective is to provide you with the software solutions you need to **complete your offerings** and **satisfy your clients**.

### Why Optimum?

We are an industry leader in payroll, HR, time & attendance in house software applications. Our advanced HRIS software solutions boast broad functionality and our dedicated support team is second to none.

#### we specialize

Optimum specializes in HRIS software, like Payroll, HR, Time & Attendance, Employee Self-Serve (ESS) and Applicant Tracking software, with **one common database**, for both IBM iSeries (AS/400) and Microsoft Windows (.Net with SQL server) platforms.

#### we support

We provide a complete suite of applications for 700+ customers (2000+ applications). Our support team of Certified Payroll Professionals (CPP's) help companies stay compliant with the constantly evolving world of HRIS.

#### we streamline

Our applications can be purchased individually to interface with ERP systems, financials and other industry applications

### The Opportunity

- Completely integrated, full supported HRIS solution
- Newsletters to keep you in touch with Optimum
- Direct access to a dedicated Account Executive

### The Benefits

- Referral fees
- No up-front enrollment fees
- Free training
- Joint marketing campaigns

### Our Commitment to Partnership

Optimum Solutions is committed to providing our business partners with reliable products and high-quality professional services. We are dedicated to client satisfaction and will provide original marketing programs, pre-sales assistance, and outstanding support services.
